- The videos must show that the student is ministering deliverance.
- The command prayer must be clearly seen, as well as the high-ranking demon being subdued.
- Send your teacher your full name together with your ID or passport number.

3. Evaluation and Approval

- The assigned teacher will review the videos and certify the practice.
- Once the requirements are met, the Celestial Immigration Ministry will issue and deliver the Official Deliverance Minister Certificate.

4. Support with Practice

If a student does not have a place or people available to do their practice, each teacher will be ready to include them in the deliverance ministrations. This way, the student can take an active part and complete their practical training under the guidance of our beautiful Holy Spirit.

IMPORTANT NOTE

- Students who do not complete the 18 training modules and submit the practical evidence cannot apply for certification.
- The certificate is personal and non-transferable, validated only by the Cave of Adullam Deliverance School.
